WAIT TIME

The wait time for a keyed flute is 24 to 30 months from the date of ordering.

For a A keyless flute the wait could be as short as one week or as long as one year. A keyless flute can be obtained immediately if there is a flute to your specifications in stock; if not, the wait time will depend on whether or not the flute you want is in the current production batch, and how soon it can be tested subsequent to its completion.

Please check to see what flutes are available.

REPAIR AND RESTORATION

Repairs, restoration and workshop consultation are billed at \$75 per hour, with a minimum charge of \$75.

Materials and parts are billed as a separate cost.

We first evaluate an instrument briefly and at no charge. Once we accept the job, we perform a thorough examination, and consult with the customer about the list of proposed repairs. We can estimate the charges at this point, but the final tally be could be different. Not until the job is completed can we determine the actual cost of the repairs undertaken.

SHIPPING, HANDLING AND INSURANCE

Postage, shipping, handling and insurance are paid by the customer.

To minimize damage or loss during shipping, we use FedEx as our primary international shipper, and and when shipping within Canada we use Canada Post Express or Canada Post Priority, unless the customer requests courier service, in which case we normally ship by FedEx. If damage occurs during shipping, we will provide any relevant documents we might have to help the customer with a claim.

2013 Prices in Canadian dollars, may change without notice. Customer's price is determined at time of deposit.
